State Government Policy

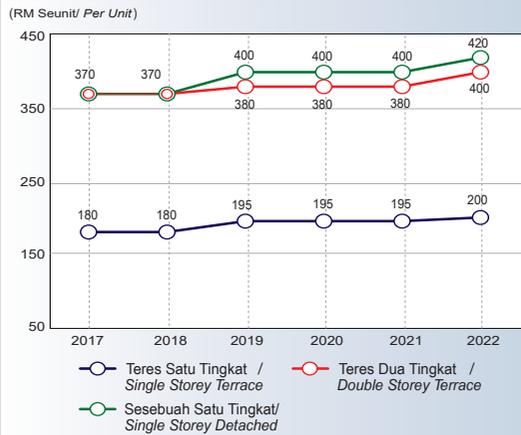

Table 13.4: State Government Policy

The State Government approved several policies and incentives to investors who are interested in investing in Kelantan. Among the incentives are as follows: -

No.	Policy/ incentives	Details
1.	Kelantan Affordable Housing Policy (RMMK)	<ul style="list-style-type: none"> - The main objective of the Kelantan Affordable Housing Policy is to provide and offer types of houses that are affordable, adequate, quality, liveable and based on Islamic characteristics for the comfort and well-being of the Kelantan people. - The purpose of RMMK is as a guideline set by the State Authority (PBN), Local Authority (PBT), technical agencies and developers in planning and controlling the development of Affordable Housing development projects in the state of Kelantan as well as, as the basis for the implementation of the Kelantan Affordable Housing Program (RMMK). - The target of this project is to provide facilities to the target group (for each type of house set by the government) to own the first house according to the conditions that have been set.
2.	Urban land density flexibility control policy	<ul style="list-style-type: none"> - Provide flexibility control of density for land in urban areas to be more viable by developers.
3.	State government incentives on land tax, land premium and issuance of title	<ul style="list-style-type: none"> - Quit rent reduction of 50% within two years (in line with the express conditions of development). - Reduction of application fees in Local Authorities according to components, namely 50% Improvement Service Fund (ISF) and 50% assessment tax for the first year after CCC. - Flexibility of payment of land premium and conversion premium by instalments. - Accelerate the issuance of land titles for the housing and real estate sector not exceeding 8 months from the date of application.
